Cow milk: 3.4 fat, 3% protein content, since 2000 according to EU methodology.

Chicken meat and live weight: refers to poultry until 1999, and to chicken only since 2000.

**Luxembourg:**

Prices of horse live weight are unit values from Economic Accounts of Agriculture, Eurostat Database.

Grapes: refers to grapes for wine.

**Macedonia:**

Macedonia declared its independence in November 1991.

Price data were collected from 1992 onwards.

**Malaysia:**

Source of rubber prices: Malaysian Rubber Board.

Natural rubber: domestic price of bulk latex.

Dry rubber: average price of RSS1, RSS3 and SMR20 FOB prices.

**Malawi:**

CountrySTAT data has been used when available and consistent with existing FAOSTAT data

<http://countrystat.org/home.aspx?c=MWI>.

From 2009 all prices are consumer prices.

**Mali:**

Pulses nes: refers to sugar pea.

CountrySTAT data has been used when available and consistent with existing FAOSTAT data

<http://countrystat.org/home.aspx?c=MLI>.

**Malta:**

Prices in local currency units in 2008 show variation from previous years due to a change in national currency.

**Mauritius:**

Sugar cane: prices paid to planters.

Prices of sweet potatoes, cassava, taro, pineapples and of all vegetables - except onions, and garlic - are wholesale prices.

**Mexico:**

Peas dry corresponds to tare.

Vetches corresponds to ebo (*janamago* or vetch).

Cashew nuts with shell corresponds to cashew (*marañon*).  
 Chestnuts corresponds to walnut (*nuez de castilla*).  
 Rape seed includes rapeseed and canola (*colza y canola*).  
 Seed of mustard corresponds to mustard (*mostaza*).  
 Seed sesame corresponds to sesame (*ajonjolí*).  
 Tomato is *jitomate*.  
 Other legumes alliaceous corresponds to leek.  
 Coles corresponds to cabbage (*col repollo*).  
 Peas green corresponds to pea (*chícharo*).  
 Beans green corresponds to green beans (*ejote*).  
 Peppers fresh corresponds to *chile verde bell pepper*.  
 Pumpkins, all classes corresponds to pumpkins.  
 Corn green corresponds to corn.  
 Okra corresponds to *ocro*.  
 Bananas corresponds to all varieties of bananas, excluding the plantain (*macho*).  
 Plantain: refers to *plátano macho*.  
 Tangerines, mandarines, clementines, satsumas: fits series by inclusion of the mandarin.  
 Lemons and limes are adjusted series by inclusion of limes.  
 Peaches and nectarines corresponds to peach.  
 Blueberry: corresponds to *arándano azul*.  
 Persimmons: corresponds to *macheix*.  
 Green coffee is *café cereza*.  
 Tea is lemon tea (*té limón*).  
 Anise seeds, Bad, fennel corresponds only to anise.  
 Rye grass and ryegrass includes rye grass green and grass ryegrass (*rye grass en verde y zacate ballico*).  
 Natural rubber, latex is rubber *hevea (hule hevea)*.

### **Morocco:**

Onions and shallots, green; onions, dry; carrots; cauliflower, cabbages; cucumbers and gherkins; peas, green; string beans; broad beans, green; artichokes; eggplants (aubergines); chillies and peppers, green; pumpkins, squash, gourds; watermelons, cantaloupes and other melons; bananas; figs; avocados; lemons and limes; grapes; apples; pears; quinces; apricots are wholesale prices.

### **Nepal:**

Prices are a mix of wholesale and consumer prices.  
 Prices refer to crop year and not to calendar year. E.g. 1998 prices refer to the 1997/1998 crop year.  
 Livestock prices: price data collected in local markets.  
 Sheep live weight: refer to ram only.  
 Prices of lemons and limes: refers to lemons only.

### **Netherlands:**

Prices of maize and goat live weight are unit values from Economic Accounts of Agriculture, while prices of the other commodities are selling prices at the farm-gate, all from Eurostat database.

### **New Zealand:**

Reference period is year ending June for the following commodities: cereals; potatoes; onions, dry; peas, green; asparagus; squash; avocados; tangerines, mandarins, clementines, satsumas; lemons & limes; grapes; apricots; cherries; strawberries; currants; persimmons.

**Nicaragua:**

Prices of cattle meat, pig meat and hen eggs are wholesale prices.

Coffee, green: used source is International Coffee Organization database.

**Niger:**

Spices nes: refers to souchet (*Cyperus esculentus*) - local name for chufa, tiger nut, earth of almond or yellow nutsedge.

**Nigeria:**

CountrySTAT data has been used when available and consistent with existing FAOSTAT data

<http://countrystat.org/home.aspx?c=NGA>.

**Norway:**

Vegetables, fresh nes refers to price of kohlrabi.

Currants: refers to black currant.

Meat nes: refers to reindeer meat (tame reindeer).

**Pakistan:**

All prices are wholesale prices.

Pulses nes: refers to mash pulse.

Dry beans: refers to mung pulse.

Chick peas: refers to gram.

Cattle and buffalo: refers to adult (dry) for slaughter.

Sheep and goat: refers to males for slaughter.

Poultry: refers to broiler for slaughter.

**Paraguay:**

Geese: refers to guinea fowl.

**Peru:**

Maize: average price of *maiz amarillo duro* and *maiz amilaceo*.

Tangerines, mandarines, clementines, satsumas reflects prices of mandarins only.

Other camelids (meat and live weight): alpaca.

Limes and lemons reflects prices of limes only.

Peaches and nectarines reflects prices of peaches only.

Cantaloupes and other melons reflects price of melons only.

Grapefruit and pomelo reflects prices of grapefruit only.

Chillies and peppers (green): simple average of several price series (*Pimientos*, *Páprika*, *Ají Piquillo*, *Rocoto* and *Ají*).

Plums: simple average of two price series (*Ciruela Spondia* and *Cirolero Prunus*).

**Philippines:**

Yams: refers to ube (purple yams).

Beans, dry: refers to *mungo*, green.

Cow peas, dry: refers to bush sitao (*paayap*).  
Pigeon peas: refers to *kadios*, dry.  
Nuts, nes: refers to *pili* nuts without shell.  
Chillies & peppers, green: refers to *panigang* (green finger pepper).  
Melons: refers to muskmelon.  
Vegetables, nes: average price of *pechay baguio*, *pechay* native, raddish and turnips.  
Grapefruits and pomelos: refers to pomelos only.  
Citrus fruit nes: refers to *calamondin* or *calamansi*.  
Natural rubber: refers to coagulated rubber, *cuplump*.  
Price of coffee green is the average of arabica, robusta and excelsa coffee prices - dry beans.

**Portugal:**

Wheat: refers to soft wheat.  
Cattle live weight: refers to calves live weight.  
Sheep live weight: refers to fattening lambs live weight.

**Qatar:**

All data are unit values.

**Romania:**

Barley; oats; maize; potatoes; tomatoes; cucumbers and gherkins; peas, green; beans, green; grapes; hen eggs with shell; natural honey are a mix of producer and wholesale prices.  
Beans, dry; peas, dry; walnuts; onions, dry; garlic; carrots; leeks and other alliaceous vegetables; cauliflower; cabbages; lettuce; eggplants; mushrooms; chillies and peppers, green; spinach; pumpkins, squash, gourds; chicory roots; watermelons; cantaloupes and other melons; apples; pears; apricots; cherries; sour cherries; peaches and nectarines; plums; strawberries are wholesale prices.

**Russian Federation:**

Vegetables nec: refers to table beet.  
Apples, pears, quinces: refer to seed fruit.  
Apricots, sour cherries, cherries, peaches, plums: refer to stone fruit.  
Strawberries, raspberries, gooseberries, currants: refer to berries.  
Indigenous sheep meat, indigenous goat meat: refer to sheep and goat.

**Rwanda:**

Prices are unit values.  
Prices of 1994 are entirely estimated.

**Saudi Arabia:**

All prices are consumer prices.  
Prices are from 1999 onwards.  
Wheat prices are procurement prices.

**Saint Lucia:**

Prices of all products are wholesales prices.  
Yautia (cocoyam): refers to *tannia* variety.  
Taro (coco yam): refers to *dasheen* variety.  
Coconuts: refers to dry coconuts.

**Saint Vincent and Grenadines:**

All prices are wholesales and consumer prices.

**Serbia Montenegro:**

Price data are available from 1994 onwards. Data were compiled and made regularly available after the introduction of the new currency, the Serbian Dinar.

**Slovakia:**

Czechoslovakia split into Czech Republic and Slovakia in January 1993. Prices are available from 1993 onwards.

Cabbages: refers to white cabbage.

Grapes: refers to wine grapes.

Pimento, All spice: refers to red pepper.

Melons: refers to *roth* melon.

Cattle meat: refers to bulls for slaughter.

Sheep meat: refers to fattened lambs for slaughter.

Pig meat: refers to pigs for slaughter.

**Slovenia:**

Slovenia became independent from Yugoslavia in 1991. Prices are available from 1991 onwards.

From 2008 onwards data for indigenous meat are estimations provided directly by the country.

**South Africa:**

Monthly prices for fruit and vegetables are for sales on domestic fresh produce markets only and exclude purchases for processing and exports.

Monthly prices for live animals are derived from the prices paid for animals slaughtered.

**Sri Lanka:**

Tea prices from 1991 to 1998 are Colombo City prices and from 1999 onwards are average green leaf prices.

**Sudan:**

Price data are wholesale prices.

Tea nes: refers to *kerkadih* or *karkadé* variety.

Cotton Lint: ICCO prices of *barakat* variety of cotton.

2013 annual prices are the result of official monthly prices average.

**Suriname:**

Prices are all consumer prices except for livestock.

Price of raw milk: price received by the farmer when the milk is delivered to the processing plant.

**Sweden:**

Prices of honey and wool are Unit Values from Economic Accounts of Agriculture.

**Syria:**

Wheat, barley, maize, sugar beets prices are producer prices

All other price data are consumer prices.

Cotton lint: ICCO prices from 1997 onwards.

**Thailand:**

Dry beans: refers to mung beans.

Tobacco: refers to *virginia* variety, cured.

**Togo:**

Bambara peas: refers to voandzou (local name).

Prices are for agricultural marketing year.

CountrySTAT data has been used when available and consistent with existing FAOSTAT data

<http://countrystat.org/home.aspx?c=TGO>.

**Trinidad and Tobago:**

Yautia (cocoyam or tannia): refers to *eddoe* variety.

Taro (coco yam): refers to *dasheen* variety.

Green beans: refers to *bodi* variety.

Coffee, green: source International Coffee Organization database.

Cow milk: price paid by major purchasers.

**Tunisia:**

Grape: refers to grape for wine production.

**Turkmenistan:**

Price data are available only from 1997 onwards.

**United Kingdom:**

Barley: refers to barley for feed

Prices of triticale, gooseberries, duck meat, turkey meat, chicken meat, horse meat and honey are basic prices.

Prices of cabbages, asparagus, lettuce, tomatoes, cauliflower, cucumbers, onions, onions dry, leeks, beans green, peas green, broad beans green, carrots, mushrooms, vegetables fresh nes, apples, pears, cherries, plums, strawberries, currants, berries nes, are wholesale prices.

Prices of hops are unit values from Economic Accounts of Agriculture.

**United Republic of Tanzania:**

CountrySTAT data has been used when available and consistent with existing FAOSTAT data

<http://countrystat.org/home.aspx?c=TZA>.

**Uruguay:**

Potatoes; sweet potatoes; tomatoes; onions, dry; garlic; carrots; chillies and peppers, green; pumpkins, squash, gourds; green corn (maize); watermelons; cantaloupes and other melons; oranges; tangerines, mandarines, clementines, satsumas; grapefruit and pomelos; lemons and limes; grapes; apples; pears; quinces; peaches and nectarines; plums; wool, not carded, greasy; hen eggs, with shell; beeswax are wholesale prices.

**USA:**

Nuts nes: refers to pecan nuts.

Areca nuts (Betel): refers to macadamia.

Peas, dry: refers to field peas.

Green beans: refers to *lima* beans.  
String beans: refers to snap beans.  
Onion and leeks and okra prices refer to California only.  
Price of pumpkins from 1996 to 1999 refers to California only.  
Lettuce and chicory price refers to lettuce only.  
Vegetable nec refers to celery only.  
Grapefruit (inc. pomelos): refers to grapefruit only.  
Cherries: refers to sweet cherries.  
Tobacco unmanufactured: refers to crop year prices.  
Lemons and limes: refers to price of lemons only.  
Sour cherries: refers to tart cherries.  
Chicken live weight: refers to broilers.  
Berries nes: refers to blackberries.  
Stone fruit nes: refers to nectarines.

**Zambia:**

CountrySTAT data has been used when available and consistent with existing FAOSTAT data

<http://countrystat.org/home.aspx?c=ZMB>.

**Zimbabwe:**

Given a two years period of hyper-inflation in 2008-2009, producer prices are not disseminated for these two years. From 2010 onwards prices are published only in USD, as this is the main currency effectively used in the country.
